

# The Schools Memory Championship

**Brain Rhyme®** a ISO 9001:2008 Certified company engaged in training, creating strategies and techniques for overall cognitive development of students, professionals & Senior Citizens. More than 25,000 man hrs since last 7 years have been utilized for research, study and training. More than 10,000 students, 5,000 professionals and several hundred senior & special need citizens from across the globe have taken advantage of Brain Rhyme Super Memory Programs.

**The Mind Sport of Memory** is both a fun, valuable hobby, as well as an amateur sport.

Memory is a sport in which everyone can take part. None of the top competitors would claim to be born with a great memory. All of them have learnt all the necessary techniques to develop their skills, and have practiced to a high level to get them to the top of the sport. You can do the same! Why not start today?

Competitions that comply with the World Memory Sports Council (WMSC) rules standards can be included in the World Rankings.

**The Mind Sport of Memory** was founded in 1991 by the inventor of Mind Maps and expert on Mental Literacy, Tony Buzan and Chess Grand Master, Raymond Keene OBE. .

"Students learn how to memorise a sequence of unconnected data by engaging the whole of their brain in particular key functions such as logic and imagination. It's a transferable skill. By training one's working memory a student quickly learns how to learn and remember anything."

**SCHOOL MEMORY COMPETITIONS** was created in UK 2008 to help pupils discover the mind sport of memory and to develop their mental skills to help with their studies.

Since it was founded in 1991, The World Memory Championships has created a 'Gold standard' for memory based on Ten different memory disciplines. A simplified version of these was created for **SCHOOL MEMORY CHAMPIONSHIPS** backed up with a training programme to help teachers to train memory techniques.

### **STRUCTURE :**

The training is supported by a handbook. Competitions will be staged in **SCHOOL PREMISES**. The competitions last approximately half a day. Each school may receive a slightly different set of questions papers to avoid unethical behavior.

The four memory disciplines are chosen to closely correspond to those in the World Memory Championships whilst being easily transferable to school subjects.

At the end of the competition period each student will receive a ranking.

### **EVENTS :**

- Random Numbers (15 minutes memorisation, 20 minutes recall)
- Random Words – simple nouns (15 minutes memorisation, 20 minutes recall)
- Historic Events – Historic / Future dates (15 minutes memorisation, 20 minutes recall)
- Binary Numbers (15 minutes memorization , 20 minutes recall)

Students who have successfully completed the training and participated in the school competition qualify to participate in the Inter Schools Memory Championship where students from different Schools will compete with each other .
